

Details of Institutional social responsibility activities in the neighbourhood community during the last 5 years

SPASTIC SOCIETY OF KARNATAKA, BANGALORE

Spastic society of Karnataka is a non-Government organization dedicated to the Welfare of persons with Neuro-Muscular and Developmental disabilities since 1982.

Mathrushri Ramabai Ambedkar Dental College has adopted Spastic society of Karnataka since 06-07-2009 till date. We have established a Dental Unit in co-ordination with spastic Society of Karnataka. The staff, Post Graduate students, and Interns of Public Health Department of our College visit Dental unit every Tuesdays and Thursdays to treat Spastic Children.

Children with Cerebral Palsy, Autism, Mental Retardation, Multiple disabilities, and Learning disabilities are treated at the Dental Unit. Their medical History is reviewed and special precautions are taken before providing treatment to each child and treatment modalities are planned accordingly. Basic dental treatments like Restorations, Oral Prophylaxis and simple extractions are carried out at the Dental unit. Complicated treatments are taken care in Paedodontics department of our college by the specialized staff.

Each child is taken care in a special way by the Teacher, Co-Ordinator, and the dental staff as a team in rendering a better smile and good dental health to these Special Kids of Spastic Society of Karnataka.

RAMAKRISHNA MATH

A team from M R Ambedkar Dental College and Hospital has been visiting the dental wing of RK Math, Ulsoor from 22/03/2021(Monday) to till date. Every week on Mondays and Thursdays will be visiting the center from 10.00am -12.00pm. The team comprised of staffs, PG, and interns from the Department of Public Health Dentistry. During the visit, patients are screened and basic treatment like scaling, restorations and extractions are provided. Cases which require complex treatment facilities are given referral to the college.

RURAL CENTERS

The institution has two rural centers along with B. R. Ambedkar Medical College unit. First one is Halasuru, Kanakpura taluk 80kms from our institution. Secondly, one more center is in Kodige Halli, Bangalore which is around 25kms from our institution where students are posted.

Oral health awareness is carried out in Halsuru which covers 5-6 villages in co-ordination with primary health centers. Our interns are posted in the rural health centre where we have the facilities to reside and provide basic treatment and carry out the health education activities by visiting villages, interacting with the population, and making them aware about the importance of oral health and providing treatment regarding any emergencies. Not only about the oral health, the general health is also being monitored and appropriate information is provided and referred to nearby PHC, CHC for further treatments. From our centre 5-6kms away there are 3 tribal areas where we conduct camps to provide basic screening and treatment.

WORLD NO TOBACCO DAY 2022

We the department of Public Health Dentistry observed World No Tobacco Day on 31st May 2022. In this regard an Oral Cancer Screening Programme was organized at East Railway station, PHC Jeevanahalli and PHC Lingarajapuram.

The camp was preceded by Dr. Pramila M, Head of Dept. of public health dentistry along with Dr. Geetha (Reader) and Dr. Rukmini (Lecturer Department of Public health and dentistry), assisted by PGs from Oral Medicine and interns at PHC Jeevanahalli where BBMP workers were screened.

Dr. Umashankar G.K, Professor public health dentistry and Dr. Mahadeva (Lecturer Department of Public health and dentistry) and interns at Bangalore East Railway station conducted the oral checkup and cancer screening.

Dr. Bedkekar Sushma (Lecturer Department of Public health and dentistry) and Dr. Chandrakala.B (Tutor Department of Public health and dentistry) and interns attended Lingarajapuram PHC where individuals were screened. A total number of 321 (Three hundred and twenty one) individuals were provided with routine dental check-up, screened for any potential oral health risks, and educated on oral hygiene, maintenance and disease prevention. Among them 103 individuals reported with tobacco habits. Pre malignant changes were observed among (20) twenty individuals. All the patients were referred for further investigation and treatment

NATIONAL PULSE POLIO PROGRAM

Report

The interns of M. R. Ambedkar dental college attended the national pulse polio program which was conducted for four days starting from 27-02-22 to 02-03-22 in Jeevanahalli ward. A brief training was conducted three days prior to the camp. The students were divided into teams of four and were allotted different centers on the first day which was called the booth day following which the teams were split into members of 2 for house-to-house service from the second day onwards.

Each team was handed a carrier containing the pulse polio vaccine vials. Mouth masks, hand sanitizers and gloves were provided to ensure complete hygiene and safety for the child as well as the doctors. Proper social distancing norms were followed while administering the vaccine. Children below 6 years were vaccinated. Each group was assigned to cover 150 houses per day.

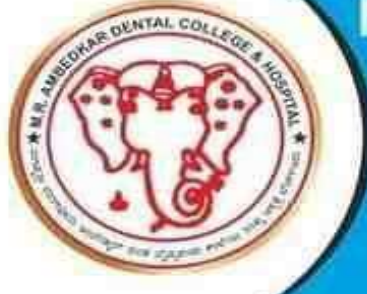

Around 350 children were vaccinated on the booth day. A total of 7200 houses were covered in three days by all teams together.

Recommendations and suggestions:

- People should be educated about the pulse polio program and motivated to get their children immunized.
- People got confused between COVID-19 vaccine and pulse polio so, the program should be advertised more.
- Because of COVID-19 many people were reluctant to get their children vaccinated.

The camp was preceded by camp officers; Dr.Pramila.M(Department of Public health and dentistry), Umashankar G. K. (Department of Public health and dentistry) Dr. Mahadev D. M. (Department of Public health dentistry) and Chandrakala.B (Department of Public health and dentistry), assisted by one post graduate student, thirteen interns and two final year students.

The N S S Volunteers, students and staff of the Dept. Of Public Health Dentistry, AMO-DHO of ASI the Sathanur took part in a walkathon in the Sathanur village. The walkathon was flagged off by the AMO, Dr. Puttegowda and started from PHC to the Sathanur circle.

During the walkathon covid solution pamphlets were distributed to all the public of the Sathanur village. At sathanur circle a street play was performed by the students/volunteers of the M.R Ambedkar dental college.

The street play was named as coronasuranasamhara and was focused in how the spread of corona can be controlled and also in the maintenance.

Also, we, distributed 1000 masks in the village sathanur. The programme was successful

WORLD HEALTH DAY 2022

Theme: “our planet our health”

World Health Day marks the foundation of the World Health Organization on April 7, 1948.

World health day 2022 was celebrated at M.R Ambedkar Dental College and Hospital organized by department of public health dentistry in association with N.S.S unit on 07/04/2022 (Thursday).

The theme for this year was “our planet, our health” The choice of this theme has been driven by the coronavirus pandemic, pollution, and an increasing incidence of diseases. The pandemic has revealed weaknesses in all areas of society and underlined the urgency of creating sustainable well-being societies committed to achieving equitable health now and for future generations without breaching ecological limits.

In connection with the theme the staff and students of M R Ambedkar Dental College conducted a cleanliness program in a public park and collected waste and disposed in the waste collection bins. An awareness talk was also delivered to reiterate the importance of this day. Participation certificates were provided at the end of the program. Later refreshments were provided to staff and students. Overall, the program was a successful
