LIBRARY ORIENTATION PROGRAM REPORT

Date: 29/4/22

Venue: Audio visual room

Details of the Program:

Orientation Program was Organized for 1st Year BDS and MDS Students on 29th April 2022 at Audio visual room

Speaker: Mr. Odesh, Senior librarian

Summary of the Program:

During Library Orientation Program, Librarian explained the importance of Libraries in higher education, how the library plays a vital role to acquire, assemble, organize, preserve the documents, and help in the dissemination of knowledge of the earlier generation to the later ones. Explained about RGUHS-HELINET facilities. Brief introduction about important services and facilities provided by Library was mentioned. BDS and MDS students were oriented regarding the availability and utilization of library facilities in the first year of their course. Library issue cards were given, and rules and regulations of issuing books were informed. Explained about digital libraries that provide access to large number of journals and e books. Remote access is available on college campus for e-journals and e books from Helinet of RGUHS through different portals.

IQAC INITIATIVE

TRAINING ON PLAGIARISM PRACTICES : STRATEGIES AND PREVENTION

**21st February 2022,
Monday at 11.30 AM**

Shri Raghavendra R.
Head of Business Development, Drill Bit

AVOID PLAGIARISM

LEARNING OUTLINE :

Research is the central component of higher education's mission and vision. It is a great concern to imbibe the best practices to have quality research work in global standards. In order to get a good grade in the institute and in order to behave ethically and perform better in the academic world, one has to prepare content, which is free of plagiarism.

Many researchers pointed out that plagiarism free research paper makes a researcher to become confident author. Plagiarism is one of the serious issues that can threaten not only the integrity of the research but also one's standing in the research community. An understanding of the ethical boundaries and 'rules' is paramount to ensuring research work and career get off to the best start possible. Hence, the aim of this workshop is to improve the quality of research among faculty members and research scholars by giving them a clear understanding about causes and consequences of plagiarism and what are the different software and strategies available to reduce it. Theoretical and practical hands-on activity will be organised by the expert so that the participants will fully adopt the academic honesty and academic integrity practices in their research works. Training session describes Plagiarism and policies related to it. Explaining content coverage and How DrillBit works via lecture followed by live demonstration of software by uploading one document. Explaining Admin account privileges'.
