## INTRODUCTION

“CAREER GUIDANCE AND PLACEMENT CELL” has become an indispensable part of any education system globally. It is necessary to create a network that caters to meet the job opportunities for the students. Earlier it was not a compulsory part of the dental education system as dentistry was considered as a self employed profession. With changing time and trends it has become necessary that dental institutions should make sure that their graduates get a platform within the institution to avail job opportunities.

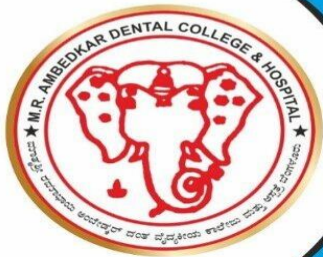

M.R.Ambedkar dental College & Hospital has taken extensive efforts to create a career guidance and placement cell. The committee of placement cell along with the alumni association (**MILANA**) has taken the necessary measures to motivate inform and inspire the students to achieve their career goals.

## OBJECTIVE

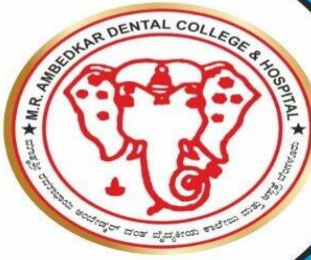

- To promote and create awareness about career advancement and placement options available to students after the course.
- To conduct activities that will help the students to get exposure to the current trends of the dentistry by way of knowledge, training, internship and placement.
- To continuously upgrade the knowledge of students to make them abreast with recent trends of dentistry through lectures, seminars, CDE, workshops etc.
- To guide the students for preparation of various competitive exams like PG-NEET for MDS course admission etc.
- To guide the students for preparation of GRE / TOEFL / PLAB / USMLE/ UPSC / Civil Services / State Government examinations.
- To assist students to develop/clarify their academic and career interests, and their short and long-term goals through individual counseling and group sessions.
- To inform students about the available job opportunities in the government sectors and off campus drives and to arrange motivational talks.
