ANNUAL PLACEMENT REPORT

“CAREER GUIDANCE AND PLACEMENT CELL” has become an indispensable part for the proper and smooth functioning of any education system. But unfortunately it is also the most unorganized section in our dental education. Our dental colleges should not merely create graduates, we should make sure that they thrive and prosper in the new world.

Career Guidance Cell functions in our institution with the objectives of to provide learning/training opportunities in the areas of academic, career and personal/social development and to prepare students to meet their future challenges. This cell aims to spread the awareness that dentistry doesn't merely mean to create smiles.

M.R.Ambedkar dental College & Hospital placement cell committee along with the alumni association (**MILANA**) has always been in the forefront in motivating, informing and inspiring the students to achieve their goals.
