M R AMBEDKAR DENTAL COLLEGE AND HOSPITAL

DEPARTMENT OF PEDIATRIC AND PREVENTIVE DENTISTRY

Vision

The department is dedicated to render primary, comprehensive and preventive treatment for children with tender loving care and delivering high quality of Paediatric Dentistry through holistic approach improving general health of all children in the society.

Mission

The department provides state of the art treatment through newer innovative techniques and facilities to all our child patients.

To develop a centre of excellence for training, learning and practicing Pediatric Dental Medicine.

We believe compassion and empathy as a rule rather than the exception.

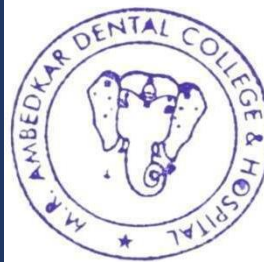

Where prevention is the cornerstone of care provided along with honesty, integrity and the highest level of moral and ethical standards.

Where TRUSTWORTHY is an adjective used to describe every member of the team.

A place where every child is made to feel special, where every parents' anxieties and concerns are laid to rest.

A place where every child enjoys every experience while he/she receives the highest quality of dental care while ensuring that future problems are prevented.

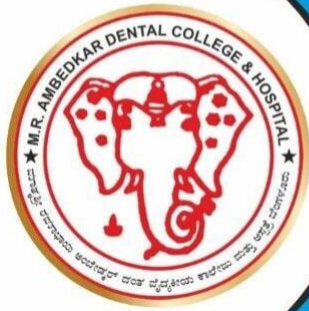

A place where both the child and parent develop a positive attitude towards holistic preventive dental care.
