CYBER CRIME AGAINST WOMEN
AN AWARENESS PROGRAM
17th February 2022,
Thrusday at 1.30 PM

Smt. D. Roopa Moudgal
IPS Officer, Inspector General of Police
M.D, Karnataka State Handicrafts Development Corporation

Learning Outline :

Cyber crimes against women are on the raise and they have been drastically victimized in the cyberspace. Some illegal persons try to defame women by sending obscene e-mails, stalking women by using chat rooms, websites etc, developing pornographic videos where women are depicted in compromising positions mostly created without their consent, spoofing e-mails, morphing of images for pornographic content etc. Massive awareness needs to be created among Women regarding the safe use of Mobile Phones, Computers and the Internet. This program is specifically designed to introduce Cyber Awareness and Safety for Women, it will focus on very sensitive issues towards the cyber safety of women. This program will encourage women to adopt safe computing skills and it will promote good security practice.

Venue : Auditorium, M R Ambedkar Dental College & Hospital

WOMEN & BONE HEALTH

03rd March 2022,
Thursday at 10.30 AM

Dr. YOGESH K.
M.B.B.S., DNB (Orthopaedics)
Senior Consultant (Arthroscopy and Sports Medicine, Trauma Consultant)

LEARNING OUTLINE :

On an average 80% people have osteoporosis, and majority of them are women. Osteoporosis is characterized by chronic bone loss that leads to weak bones that fracture easily. Fractures of the spine, hip, and wrist are most common.

Regardless of age, all women should take steps to protect their bones. Roughly half of women aged 50 and over will break a bone due to osteoporosis. This programme enables us to understand most common bone problems in various age groups due to decreased calcium in the body also highlights the myths and facts related to bone health. Finally right precautions to be taken for a good bone health will be discussed. So with the right steps and effective care, it's possible to boost your bone health and lower your fracture risk.

Followed by the lecture there will be a clinical examination and Bone Mineral Density investigation. All the queries related to Bone health will be addressed.

BREAST AND CERVICAL CANCER AWARENESS

**10TH MARCH 2022,
THURSDAY AT 10.30 AM**

DR. SUNEETHA N.
Consultant Radiation Oncologist,
HCG Hospitals, Bengaluru

LEARNING OUTLINE :

Breast cancer followed by cervical cancer are the two most common cancers among women in India, but actually they are largely preventable diseases. Awareness surrounding breast and cervical cancer is incredibly important as early detection, often through screening, can catch the disease when it is most treatable and also prevention by making necessary changes in lifestyle.

The Objectives of this Cancer Awareness Program is to create cancer awareness and remove the stigma and fear attached.

1. Help women recognize the early signs and symptoms of cancer, thus enabling them to seek treatment at an early stage.
2. Educate people about the key risk factors, since more than 30% of cancer cases could be prevented by modifying lifestyle or avoiding the risk factors.
3. Inform women about the importance of self-exam, regular screening, mammogram and Pap smear tests to check for signs of cancer.

Followed by the lecture there will be a screening, clinical examination and cervical pap smear examination.
