**LEARNING OUTLINE :**

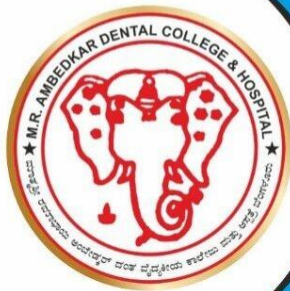

Across the globe, the dental industry needs more and more professionals, assuring a good scope for Indian dentists abroad. Crossing the oceans to serve as a dentist in United States of America is a dream which many a times never sees reality as the hurdles are too many. The lecture aims at helping aspiring students navigate through crucial yet basic steps like VISA application, availing DENTPIN, procuring the ECE evaluation report, appearing for NBDE and TOEFL examinations. The lecture will also ensure that the applicant is on track to complete both the prerequisites and application requirements in time to apply for your preferred year of entry. To further maximize candidacy, recommendations are outlined for INBDE with a structured time framework. Tried and tested solutions for refining Curriculum Vitae to enhance selection chances will be highlighted.

### **CDE on How to apply to Western Universities**

Date: 2<sup>nd</sup> June 2018

No. of Participants: 63

Dental graduates from our institution often aspire to further their education and seek employment opportunities abroad. To support these ambitions, we organized a comprehensive lecture aimed at providing detailed information about the application processes and protocols required for gaining admission to Western universities. This lecture covered a wide range of essential topics, including the various academic and professional prerequisites, standardized testing requirements, and the documentation necessary for a successful application. Additionally, it addressed important aspects such as the recognition of dental qualifications, opportunities for specialization, and strategies for securing employment post-graduation. Experienced professionals and alumni who have successfully navigated this path shared their insights and practical advice, offering valuable guidance to the attendees. By equipping our graduates with this crucial knowledge, we aim to facilitate their transition to international educational and professional environments, ultimately enhancing their career prospects and contributions to the global dental community.
